Visakhapatnam, Andhra Pradesh, India

OBJECTIVE

Aspiring B.Tech student in Computer Science Engineering. With an interest in Web Development and a desire to learn Artificial Intelligence. Having a understanding of programming languages, Seeking an internship opportunity to enhance my technical skills, and contribute them to work in projects, which helps to expand my knowledge in emerging technologies.

EDUCATION

- Gitam University

Currently in B.Tech Computer Science 3rd year

◦ GPA: 7.83

2022 - 2026

Visakhapatnam, India

SKILLS

- **Programming Languages:** Python, C, Currently learning Java
- **Web Technologies:** HTML, basics of CSS
- **General Skills:** Data Structures

COURSES AND CERTIFICATIONS

Courses

* C for Everyone: Programming Fundamentals

UC Santa Cruz: Coursera

[View Certificate](#)

- Introduces beginners to programming using C, covering key concepts like variables, loops, functions, and control structures. This course is significant as it builds a solid foundation for problem-solving and computer science.

* Python Data Structures

University of Michigan: Coursera

[View Certificate](#)

- This course teaches essential data structures in Python, like lists, dictionaries, tuples, and strings. It helps to organize and manipulate data, implement algorithms, and improve code efficiency.

* AI For Everyone

Deeplearning.AI: Coursera

[View Certificate](#)

- This course introduces fundamental AI concepts, like machine learning, neural networks, and deep learning. It provides an understanding of AI's impact on industries.

ACHIEVEMENTS

Certifications

* **Smart India Hackathon 2024**
Gitam University, Visakhapatnam
August 2024

- Participated in the Smart India Hackathon 2024 and worked on an idea and received a participation certificate.

* **Shore Fest 2024**
Gitam University, Visakhapatnam
February 2024

- Shore Fest is one of the largest fests that is held every year in Gitam University. Participated in the Security department and received a participation certificate.
